MOJO

The story behind a different kind of tequila.

EL RAYO TEQUILA

WE THOUGHT TEQUILA DESERVED BETTER.

Too often, tequila felt heavy. Serious. Stuck in tradition.

We wanted something brighter. Fresher. More social.

So we went to Mexico to create a tequila designed for modern drinking.

OUR JOURNEY

100% NATURAL. 100% AGAVE.

Inspired by modern Mexico. There's a taste of creativity in every sip.

BORN FROM A SIMPLE QUESTION.

Why was tequila always treated the same way?

We believed there was room for something lighter. Something easier to drink. Something people would genuinely crave sharing.

That idea became EL RAYO.

SHOP NO.1 PLATA

MADE FOR MODERN DRINKING.

From dinner parties to rooftop evenings, EL RAYO was built for the way people drink today.

Simple serves. Better ingredients. Less rules.

Tequila designed to feel effortless.

New to
Daily All-in-One?

Start here.

Your top questions, answered.

Hi {{ first_name | default:'there' }},

Starting something new for your dog can come with questions - and we're here for all of them.

Here are some of the most common things pet parents ask:

Q: Can I split the scoop between meals?

A: Absolutely. Some dogs prefer smaller portions. Just aim for the full daily dose.

Q: Can I mix it with wet food or treats?

A: Yes! You can sprinkle it over dry or wet food, or mix it with yogurt, peanut butter, broth - whatever gets tails wagging.

Q: Can I give it with other supplements or medications?

A: Yes, **DA-01™ Daily All-In-One** is safe to combine - but when in doubt, check with your vet.

Q: How long should I keep giving it?

A: **DA-01™ Daily All-In-One** is designed for daily use. Real, lasting change takes time - most results build over 6–8 weeks.

Q: Is it normal not to see changes right away?

A: Yes. Nutrients take time to work from the inside out - especially for skin, joints, and gut healing. Stay consistent!

Q: What if my dog is picky?

A: We made it tasty on purpose. Beef liver + bone broth flavor = most pups love it. But if yours is extra picky, try mixing it with something they already like.

Q: Is it safe for puppies or senior dogs?

A: Totally. It's gentle, vet-formulated, and made for dogs of all life stages.

Still curious about something?

Just hit reply - we're real people and happy to help.

See how pups are thriving on **DA-01™** Daily All-in-One

Your pup's first bag of **DA-01™ Daily All-in-One** is on the way and we couldn't be more excited for what's ahead.

You didn't just try something new. You made a decision to give your dog what actually works.

So what makes it different?

Here's a peek inside the scoop:

Omega-3s
Soothe itchy skin, support brain health, and reduce joint inflammation.

Turmeric (95% Curcuminoids)
Eases inflammation naturally especially in joints, skin, and the gut.

Glucosamine + Collagen
Rebuild cartilage, cushion joints, and improve long-term mobility.

Beef Liver, Bone Broth & Reishi Mushrooms
Deliver bioavailable nutrients (and a taste even picky pups love).

TriBiotic Blend (Pre + Pro + Postbiotics)
Restore gut balance, calm inflammation, and strengthen immune response at the root.

Together, these ingredients support real results - from **less itching to better digestion, smoother movement,** and **more consistent energy.**

★★★★★

"My dog absolutely loves this powder on his food everyday. His coat used to be so smelly and he would always be licking and scratching himself.

He doesn't do that anymore and his coat also doesn't smell anymore. I haven't given him a bath for over a month now and you would not be able to tell! He also seems to have a lot more energy and overall seems a lot happier which makes me happy too! Thank you!"

GET THE TRI-BIOTIC BLEND

We didn't just add another "nice" ingredient. We rebuilt the **formula** that no other supplement on the market has:

Prebiotics:
Fuel the good bacteria
They feed your dog's natural gut flora supporting digestion, regularity, and nutrient absorption.

Probiotics:
Bring the good bacteria
7 active strains to restore balance, reduce gas, ease bloating, and help itchy or inflamed skin.

Postbiotics:
Supercharge the results
These are the powerful compounds produced by good bacteria. They help heal the gut lining, lower systemic inflammation, and reduce allergic reactions.

This is the power of the
Tri-Biotic Blend™ only in
DA-01™ Daily All in One.

It's the first formula to support your dog's gut on all three levels and the results go far beyond digestion:

- Reduce itching, licking, and skin flare-ups
- Improve poop quality and digestion
- Boost natural energy and mood
- Soothe joint inflammation and stiffness
- Strengthen the immune system from the gut up

The Missing Link In
Your Dog's Nutrition

One essential your dog's body can't make on its own.

OMEGA-3S FOR YOUR DOG'S HEALTH

Dogs Can't Make Omega-3s Naturally

They have to come from food but most kibble doesn't have them.

When levels are low, it shows: coats lose their shine, joints get stiff, and your dog may seem less alert or energetic.

The right Omega-3s can change that fast

Smoother, Shinier Coat

Omega-3 fatty acids come in two main forms:

EPA (eicosapentaenoic acid)
Calms inflammation in the skin.

DHA (docosahexaenoic acid)
Supports healthy cell membranes so skin can hold in moisture.

Together, they help repair the skin barrier, reduce redness and hot spots, and let your dog's fur grow in soft and shiny.

Comfortable, Flexible Joints

Joint pain often comes from inflammation breaking down cartilage. EPA is a natural anti-inflammatory that slows this process. DHA helps protect joint cells from further damage.

Less inflammation means better cushioning, easier movement, and a dog that's ready for walks and play again.

Sharper Brain & Better Mood

Your dog's brain is made mostly of fat and DHA is one of its main building blocks.

Studies show dogs with enough DHA have better memory, learn commands faster, and even show calmer, happier behavior as they age.

Why This Matters

Your dog can't make EPA and DHA on their own they must get them from food. And with most kibble lacking these nutrients, supplementation becomes essential.

That's why every scoop of DA-01™ delivers a rich, bioavailable source of Omega-3s... so you can see the difference in their coat, their walk, and even their personality.

When Nothing
Else Worked

These pups finally found real relief with **DA-01™ Daily All-in-One**

TRY IT TODAY

Every week, we hear from pet parents who were on the edge of giving up...

Dogs with **chronic itching, food reactions, painful ears...** you name it.

They tried the diets. The meds. The "all-natural" chews. Nothing stuck... until this.

Here's What
A Few Of Them Had To Say:

★★★★★
"Jax is off all meds and shots. It took 2 months, but now? His ear tips are growing hair again. No scratching. No ear infections. PurePaw was the missing link. I've tried everything else — this is the only thing that worked."

Jacqueline L. & Jax

★★★★★
"She's allergic to everything. This is the first supplement that didn't trigger her. Her skin and paws are healing. Gut's finally on track. It's amazing."

Jennifer J.

★★★★★
"My dog's coat used to stink. He scratched constantly. Not anymore. No bath in a month, and he still smells fresh. He's got more energy, and just seems... happier. And that makes me happy too."

It Starts With Skin
Then Goes Deeper

Your dog's 8-week transformation on **DA-01™ Daily All-in-One.**

START THE DAILY ROUTINE

Most people start **DA-01™ Daily All-in-One** to calm allergies or improve their dog's coat.

But the science behind this formula means it goes much deeper - transforming health from the inside out over time.

Here's the week-by-week breakdown of what's happening in your dog's body:

Weeks 1–2
Reset from the Inside Out

TriBiotics (Prebiotics + Probiotics + Postbiotics) restore healthy gut bacteria. A balanced microbiome reduces inflammation - one of the root causes of skin irritation, joint stiffness, and immune issues.

You'll notice: Healthier stools, less scratching, licking, and paw chewing, early relief in joints.

Weeks 3–4
Relief You Can See

Collagen & hyaluronic acid begin rebuilding cartilage and lubricating joints. **Omega-3s** and **Biotin** strengthen the skin barrier, locking in moisture and blocking allergens.

You'll notice: Easier movement after rest, shiny coat, hot spots fading.

Weeks 5–6
Resilience & Regeneration

Turmeric, MSM, and **quercetin** provide ongoing anti-inflammatory support, while vitamins and minerals fuel faster skin cell regeneration and stronger immunity.

You'll notice: More playful energy, no dry patches, fewer allergy flare-ups.

Weeks 7–8
Thriving, Not Just Surviving

Long-term nutrient saturation peaks. Joints stay cushioned and mobile, skin barrier is fully restored, and the immune system operates in balance.

You'll notice: Free, easy movement, silky coat, chronic issues fading into the past.

What Changed on him

In July
You were home most days, so he had company whenever he wanted it and never had to wait for you.

Now
But the house empties at eight and stays quiet until five, and nobody explained that to him.

So today's lesson works on the waiting. Ten minutes a day teaches him that an empty house is just a normal house.

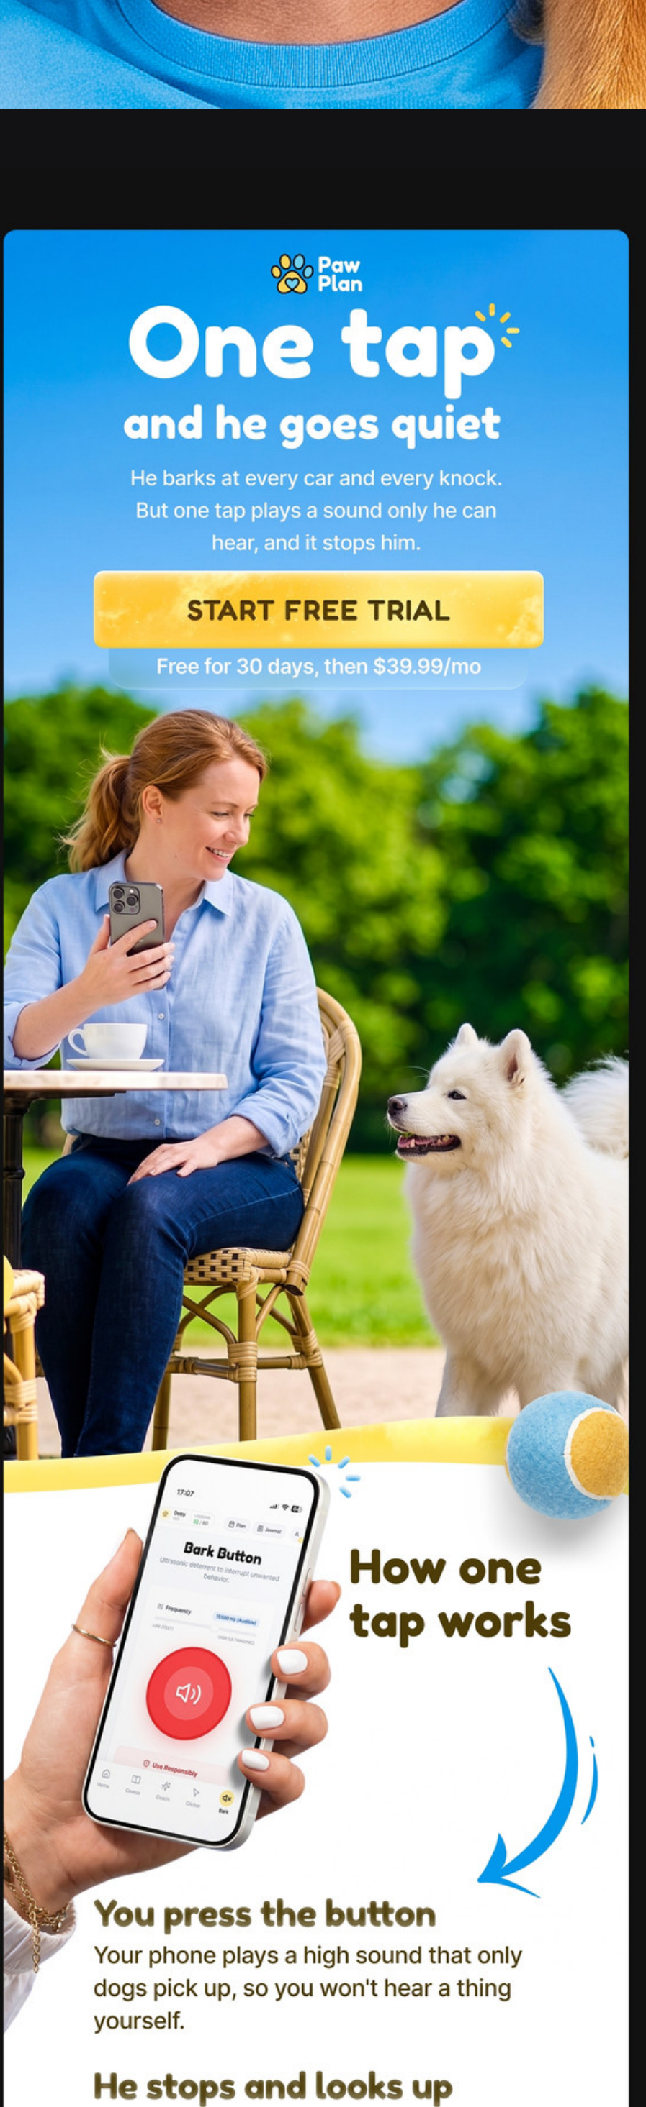
What This Guide Fixes

Home alone barking



Paw Plan

One tap and he goes quiet

He barks at every car and every knock. But one tap plays a sound only he can hear, and it stops him.

How one tap works

You press the button
Your phone plays a high sound that only dogs pick up, so you won't hear a thing yourself.

He stops and looks up
And that's the whole point, because it breaks his focus long enough for you to step in.

It won't hurt him at all

There's no shock and no pain here, because it's only a sound. And vets reviewed every frequency in it.

SEE HOW IT WORKS

Safe for every breed, age and size

What the sound really does

It doesn't scare him or punish him. It just catches his attention and pulls his focus off whatever set him off, so the barking stops because he's curious rather than because he's afraid.

I was skeptical but tried it on my German Shepherd who barks at everything. Pressed the button once and he just stopped and looked at me confused. Works every single time.

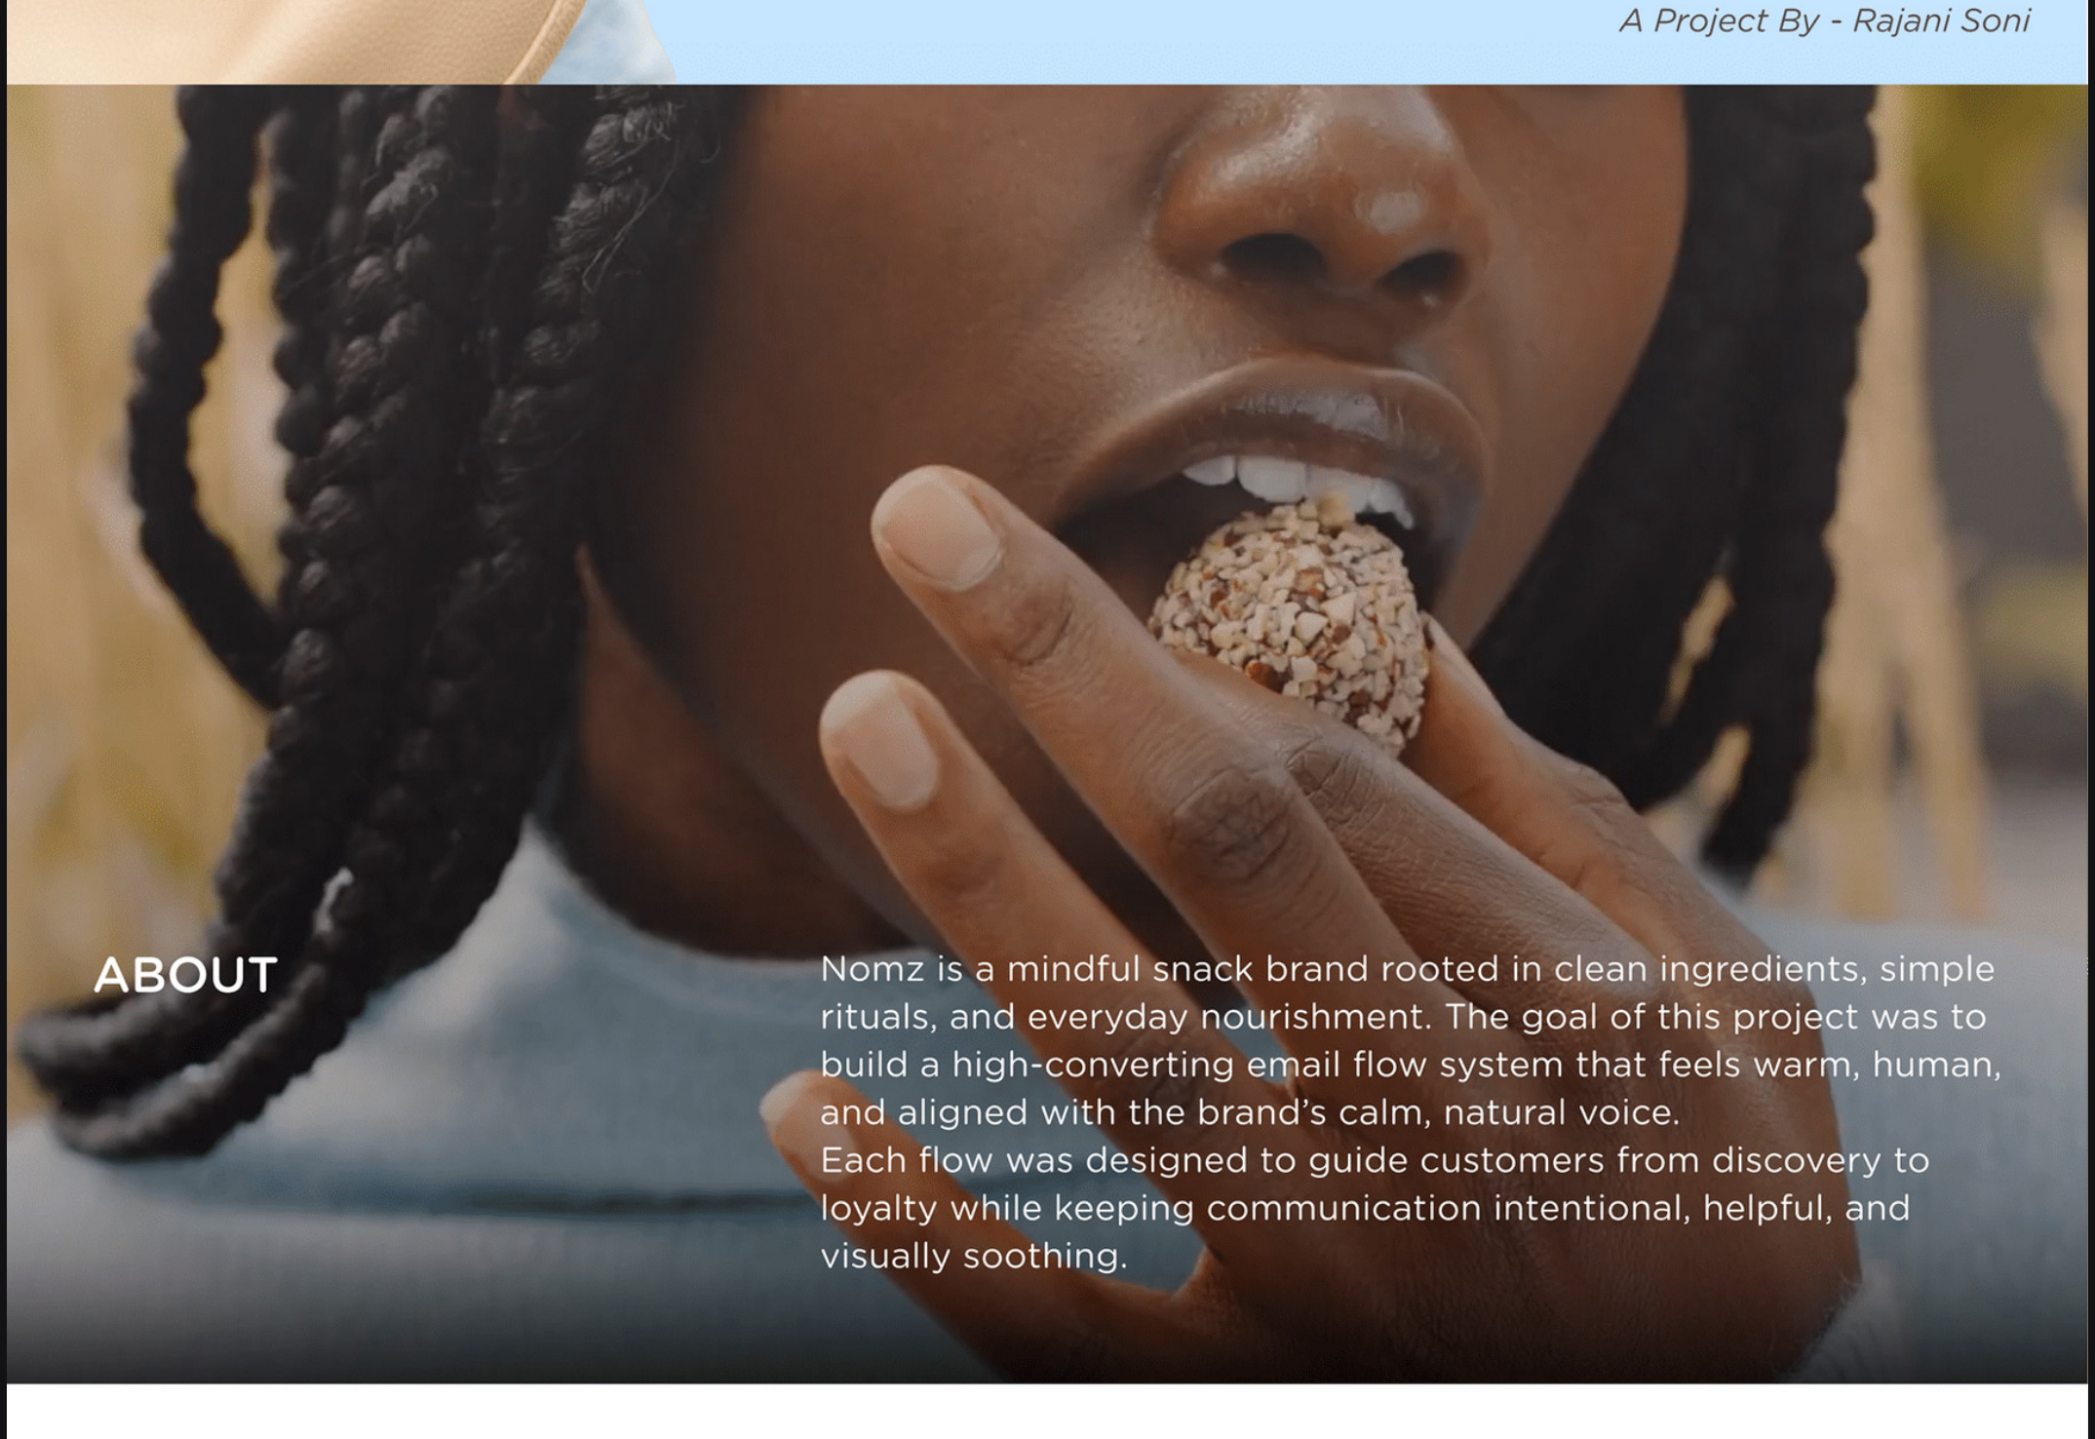
Email Marketing

Strategy, Design & Execution

A Project By - Rajani Soni



ABOUT

Nomz is a mindful snack brand rooted in clean ingredients, simple rituals, and everyday nourishment. The goal of this project was to build a high-converting email flow system that feels warm, human, and aligned with the brand's calm, natural voice. Each flow was designed to guide customers from discovery to loyalty while keeping communication intentional, helpful, and visually soothing.

The six core flows

1. THE WELCOME FLOW
Introduces the nomz story, values, and product benefits while building an emotional first connection.
Designed to convert new subscribers into first-time buyers through trust and education.

2. ABANDONED CART FLOW
Gently reminds shoppers of what they left behind without feeling pushy or sales-heavy.
Uses reassurance, product highlights, and urgency to recover lost sales.

3. BROWSE ABANDONMENT FLOW
Targets visitors who showed interest but didn't add to cart. Focuses on curiosity, benefits, and subtle nudges to bring them back to explore again.

4. POST-PURCHASE FLOW
Reaches customers to thank for the purchase and sharing product benefits and recipes while building an emotional first connection.

5. WINBACK FLOW
Re-engages inactive customers with warmth, not pressure.
Reminds them why they loved Nomz and invites them back with thoughtful incentives.

6. CHECKOUT ABANDONED FLOW
Reaches customers who started checkout but didn't complete their purchase, with calm and timely reminders.
Builds trust through reassurance & clear next steps.

MEET JAZMIN

"Pottery, for me, is more than clay and fire — it's about slowing down, feeling the texture of the moment, and shaping something meaningful with your own hands. In my studio, every piece tells a story, and every guest becomes part of it."

- Jazmin

Visit Studio

At Earth & Ember Studio, we believe clay holds memory. Every curve, every texture, every glaze is a quiet collaboration between hands and earth.

I created this space for women to slow down, reconnect with their creativity, and leave with something beautifully, imperfectly their own.

CREATE WITH US

Discover the beauty of handmade ceramics and experience the calming ritual of working with clay. Whether you're joining a workshop, planning a private event, or simply exploring your creativity, Earth & Ember Studio welcomes you to create something truly personal.
